

A Shadow And A Prayer

Goodnight Nurse

Hope lies deep within
Lead the way, Lead the way blinded
Be afraid, Be afraid of this
Fate cuts through my skin
Lead the way, Lead the way blinded
Be afraid, Be afraid of this

Pain runs through my veins
Please take it away

I'm not ready to leave
I'm not ready to die
Hear my screams tonight

Fear hides in my eyes
Lead the way, Lead the way blinded
Be afraid, Be afraid of this
Truth is pushed aside
Lead the way, Lead the way blinded
Be afraid, Be afraid of this

Hear my screams tonight (4x)

Hear my screams tonight (5x)
