

## A Shadow And A Prayer

Goodnight Nurse

Hope lies deep within  
Lead the way, Lead the way blinded  
Be afraid, Be afraid of this  
Fate cuts through my skin  
Lead the way, Lead the way blinded  
Be afraid, Be afraid of this

Pain runs through my veins  
Please take it away

I'm not ready to leave  
I'm not ready to die  
Hear my screams tonight

Fear hides in my eyes  
Lead the way, Lead the way blinded  
Be afraid, Be afraid of this  
Truth is pushed aside  
Lead the way, Lead the way blinded  
Be afraid, Be afraid of this

Hear my screams tonight (4x)

Hear my screams tonight (5x)
