

Lay With Me

Goodnight Nurse

You've got that good girl act right down to and art
But I can tell that your excited from the beat of your heart

Cause it shows,
I see it in your eyes you've got one thing in mind
So lets not waste our time if it's your place or mine,

Just
Stay stay with me
Oh wont you lay, lay with me?
Lets make a scene oh lets mess up the sheets,
Cause I want nothing more nothing more
Leave your morals at the door

Well our reflections never looked so good.
And I know that down the hallway which we never would.

But I know that look in your eye
I see it all the time, you've got one thing in mind
If it your place or mine?

Just
Stay, stay with me
Oh wont you lay, lay with me?
Lets make a scene oh lets mess up the sheets,
Cause I want nothing more nothing more
Leave your morals at the door

Ahh hah haa
Ahh hah haa
Ahh hah haa

Your look is telling me that it's meant to be
And I know that you can feel it when you press up to me
Casue it shows, I see it in your eyes, you've got one thing in mind
So lets not waste out time
If it's your place or mine

Just
Stay stay with me
Oh wont you lay lay with me?
Lets make a scene oh lets mess up the sheets

Oh woah would you
Stay stay with me?
Come on and lay, lay with me?
Lets make a scene oh lets mess up the sheets,
Cause I want nothing more nothing more
Leave your morals at the door.
