

## Feel Like This

Goon Moon

I wanna crawl inside your head  
To understand the things that you said  
I wanna live within your walls  
So you can hear me when I call

I wanna feel like this for the rest of my life

It goes on

I wanna put on your sexy dress  
Have a drink till I'm a mess  
I wanna stay up through the night  
Take the things that feel so right

I wanna feel like this for the rest of my life

It goes on

Keep on crashing girl  
You are my whole world  
I sleep in your curls  
You are my hole

I wanna see where we can be  
I wanna know where we can go

I wanna feel like this for the rest of my life

It goes on (4x)

Keep on crashing girl  
You are my whole world  
I sleep in your curls  
You are my hole
