More Me Less You

Gordon Downie

Is he good looking? What am I saying? We're all good looking. Can I stay til I make some arrangements? Then we can begin our estrangement?

your personal conviction's fierce it's been in your family for years but in your ponytail blown loose I can see what this is doing to you

Listen don't guess please listen, Don't just guess there's words I wanna say like, "follow me, I know the way"

We're close to the rail Never more like a candle In breezes full and fragrant We begin our estrangement
