Cold on the Shoulder

Gordon Lightfoot

All you need is time
All you need is time, time,
Time to make me bend
Give it a try, don't be rude
Put it to the test and
I'll give it right back to you

It's cold on the shoulder And you know that we get A little older every day

Kick it around, take it to town Try to defy what you feel inside You better be strong Your love belongs to us

It's cold on the shoulder And you know that we get A little older every day

All I need is trust
All I need is trust, trust,
Trust to make it show
I don't want to know everything you done
If you get a tip then tell it to the eskimos

It's cold on the shoulder And you know that we get A little older every day It's cold on the shoulder And you know that we get A little older every day

All we need is faith All we need is faith, faith, Faith to make it nice Kick it around, don't be rude If you're gonna make a mistake Don't you make it twice

It's cold on the shoulder And you know that we get A little older every day It's cold on the shoulder And you know that we get A little older every day It's cold on the shoulder And you know that we get A little older every day It's cold on the shoulder And you know that we get A little older every day It's cold on the shoulder And you know that we get A little older every day
