If You Need Me

Gordon Lightfoot

If you want to know all reasons For the things I feel inside You can run away and hide If you want to

But if you need me
Show me a way to get through
?Cause I've not see anyone like you
Since I was a man

If you want to know for certain What is written in my soul Where my wildest dreams unfold Like an endless stream

If you need me
Show me a way to walk tall
?Cause I've not seen anything at all
Until I met you

Sun lights up the seasons Blue eyes light up the night

If you want to know the meaning of These feelings that's alright I could be with you tonight That's where I'd like to stay

If you need me
Show me a love that is true
?Cause I've not seen a woman like you
Since I was a man

If you want to know what magic lies Beneath the halo'd moon In each corner of each room Where my love has strayed

If you need me Show me a way to walk tall ?Cause I'd not seen anything at all Until I met you

If you need me
Show me a way to get through
?Cause I've not seen anyone like you
Since I was a man
