

Inspiration Lady

Gordon Lightfoot

She's my inspiration lady,
Inspiration everywhere
She's my inspiration lady,
She lights candles in the air
In the warmth of a morning sun
And at night when the day is done
She's my inspiration lady,
My anticipation lady
She's my situation every day

Seems like every time I see her,
She's got something on her mind
When she tells the age old story,
Of a life she left behind
In the warmth of the morning light,
She will turn and hold me tight
She's my inspiration lady,
Soft, sad situation lady
She's my situation every day

Seems like I will always love her,
Inspiration every day
And I like to think, hey maybe,
I can drive her blues away
In the warmth of the morning sun,
And at night when the day is done
She's my inspiration lady,
She's my kind reaction lady
She's my situation every day
She's my inspiration lady,
My anticipation lady
She's my inspiration all the way
