## **Shadows**

## **Gordon Lightfoot**

Won't you reach out love and touch me Let me hold you for awhile I've been all around the world Oh how I long to see you smile There's a shadow on the moon And the waters here below Do not shine the way they should And I love you just in case you didn't know

Let it go, Let it happen like it happened once before It's a wicked wind And it chills me to the bone And if you do not believe me Come and gaze upon the shadow at your door

Won't you lie down by me baby Run your fingers through my hands I've been all around the town And still I do not understand Is it me or is it you Or the shadow of a dream Is it wrong to be in love Could it be the finest love I've ever seen

Set it free, Let it happen like it happened once before It's a wicked wind And it chills me to the bone And if you do not believe me Come and gaze upon the shadow at your door

Please kiss me gently darlin' Where the river runs away From the mountains in the springtime On a blue and windy day Where there's beauty all around As the shades of night grow deep When the morning stars grow dim They will find us in the shadows fast asleep

Let it go, Let it happen like it happened once before It's a wicked wind And it chills me to the bone And if you do not believe me Come and gaze upon the shadow at your door
