

All Is Well

Gorefest

I want to be like you
I'm gonna be like you
One thing I can tell
I'm gonna be real well

All I touch turns to shit
This is my share of success
I'm walking misery
Forever I will be

And I know that this will be forever
Wipe off the dirt and struggle on forever
All is well

I never will go down
I'm modern man - I never will go down
