Sanity and insanity Go together hand in hand But never be afraid On which side of the line you stand Take the power to get in control It's you that rules your life Break down the walls that are surrounding you Be strong and change your life Erase - The rules that are set there to keep you down Break down - The chains that keep you to the ground Erase Erase - And follow me to where the real fun is It is not a shame to be called insane And to go against, against the grain Demand the right to set your own rules Not to walk the path of those who are lame Erase - The rules that are set there to keep you down Shout out - Your discontent, let your voice be heard Erase Erase - And follow me to where the real fun is Do not adapt to others Just be one with yourself And walk with me equally Erasing false mentality
