## **Forty Shades**

I'm on top of the world And I see The pain from a thousand generations to be Like lambs to the slaughter Never free Echoes of fear swirling around me I'm on top of the world And I see The souls from the millions That will never be free Caged in their bodies Down on their knees Black clouds of fear swirling around me Suffer forty shades of red Suffer forty shades of black Suffer forty shades of red Suffer forty shades of black Crawl try to walk Speak free your mind Breathe and you will find peace of mind free your mind Suffer forty shades of red

Suffer forty shades of black Suffer forty shades of red Suffer forty shades of black
