

## Horrors In A Retarded Mind

Gorefest

Smashed your head against the wall  
Treatment comforts temporarily  
Chastise yourself extremely  
To neutralise chronic pains  
Automutilation dwells deep in your soul

Inflicting pain  
Your body suffers  
While carving yourself  
People can't understand  
That you are forced to do it  
A slave of your sick thoughts  
For neurosis or lust

Carving layers of skin of your chest  
An orgasm comes as reward  
Your sick lust of pain  
Will drive you to your suicide  
Automutilation dwells deep in your soul
