

# I Walk My Way

Gorefest

I won't run or hide  
Nor apologize  
Accepting defeat  
Is so unlike me  
Often tried but never succeeded  
I can't be hurt  
I believe in me  
I'll walk my way  
I'll walk my way  
Challenging those who spread falseness  
Strength through thinking  
A never drying source  
Hiding in fantasies  
Ain't what I call lifes joy  
Just accept  
Reality  
Life is to live it  
And I love the pain  
I'll walk my way  
I'll walk my way  
Challenging those who spread falseness  
Never bowing down before those who try to harm  
Never bowing, never before none
