

Rage overwhelms me  
Perverted heinous sights to show  
Covered in excrement  
From my head to the floor  
Experience death your pain now ends  
Even though you are dead  
Pouring shit into your head  
Half torn rectum starts my drool  
Bloody shit starts to fall  
Gagging on my stool and balls  
Probing through the puckered anus  
I will stick my finger in  
Smearing shit across my grin  
Bathing in your excrement  
On my body it will splatter  
Chewing on your fecal matter  
Rip your ass wide  
Extract it out  
The smell of hot shit  
Lubricates my mouth  
Even though you are dead  
Pouring shit into your head  
Half torn rectum starts my drool  
Bloody shit starts to fall  
Gagging on my stool and balls  
Probing through the puckered anus  
I will stick my finger in  
Smearing shit across my grin  
Bathing in your excrement  
On my body it will splatter  
Chewing on your fecal matter  
Coprophilism driving me until I'm through  
Writhing in feces now I masturbate your stool  
Rectal samples dug out wide  
Innards brought forth outside  
Keeping me satisfied  
Pummeled form now denied  
Addicted to logs of feces  
And the stench of your dead asshole  
Lubricated with diarrhea  
Ravenous fecal freak
