Fucking The Viscera

Gorgasm

Useless fuck toy to enjoy, lifeless skinless slab of meat Vile sadist, core it's anus, around my finger sweet to eat Stick my dick in, feel the wrath, eviscerated form of love Spl intered bones pierce my balls feeling pain from the scars Unsuspecting doom erecting, slice it's chest open wide, a meal revealing, sick appealing Now I piss down deep inside! Becoming one with my victims Now my secrets stored unseen Excrement and genitals lying in the sink Stick my dick in, feel the wrath, eviscerated form of love Spl intered bones pierce my balls feeling pain from the scars Engorge the lungs with my shaft, Stab a hole through it's back Fucking the viscera! Drill a hole through it's head, and fuck it 'til it's dead! Frozen cold in agony chopped into tiny pieces Genitals cut off and burned melted in the acid I won't stop until I am caught For-seeing what I have done, chopped off heads and rectum ends now become my fun!!! Cut off from life, severed and sliced, pull back the head and shit inside Keeping them forever, soon will be my pleasure On and on with the killing, feeding off the torture Torturing unwilling, on and on with killing Soon will be my pleasure-keeping them forever!
