

## Necrosodomy

Gorgasm

A foul odor rises from behind  
A bloodstained door  
Where she has been left for days  
I can't wait to see her rotting face  
Taste her putrid crack  
A whore adorned with crown of flies  
Upon her severed head  
She looks more attractive now that she is dead  
Feverishly I bend over her  
Cheeks rip as I spread her ass apart  
Snort her rancid hole  
Tongue the puckered bung  
Shit-caked anus fucked with my fist  
Flies swarm to my dangling ballsack  
Maggots fall from her gangrenous crack  
Stiff and engorged with blood  
I shove my dick in her gaping asshole  
Cunt drips stale piss rank stench intense  
Aroused by the swarming sound of insects  
I blow my load on her clod dead white ass  
Kicked in her mouth loose teeth fall out  
Gagged with my log balls slap her chin  
As shit protudes from holes I've wrecked  
Compulsion to violate the deceased  
Seduced by death
