

## Teeth Grinding

Gorgoroth

Under neath the sun i watch the moon rise  
Above the stars and turnoff heights  
I follow from a distance i follow from a bard  
I speak the spoken I sleep my sleep my dream my dream

I watch the circle fall from the sky  
Upon myself upon my side  
I see ahead turning waiting yours

Teeth Grinding blessed circle suffer the suffering  
Under neath sun  
SUN

from a distance from a far  
teeth my burn out  
from a distance from a far  
teeth my burn out  
from a distance from a far  
teeth my burn out  
from a distance from a far  
teeth my burn out teeth my burn out
