

# Better Than You

Gorilla Biscuits

Insincerity  
Negativity  
No Unity  
Something's gone wrong  
Thinking to myself how smart I am  
Because I won't get caught up  
In some dick's bad joke.  
I'll just walk away  
Fight it out yourself

Better than you crew  
Better than you crew  
Better than you crew  
Why even bother?  
Better than you crew  
Better than you crew  
Better than you crew  
Why even bother?

I'm smarter 'cause I joined the crew  
And I'm better than those who  
Are picking fights  
And violating my rights  
You can always be the one  
To end up on the top  
Keep your standards high  
Set your goals and never stop  
This world of ours is fine and  
Our future can be great  
If you use our heads not our fists  
We can wipe out all the hate

Better than you crew  
Better than you crew  
Better than you crew  
Why even bother?  
Better than you crew  
Better than you crew  
Better than you crew
