

# Lost

Gorilla Zoe

Walking around looking for a way  
But no one tells me which way to go  
I'm caught up in a world  
A labyrinth, a maze  
Where yes men could easily be known  
I ask them no questions  
They give me no answers  
Following the wise  
But they're walking in pampers  
Give me a cigarette  
Smoking my cancer  
Drink the pain away  
But I still have no answers

I'm lost on a road  
Don't know which way to go  
I'm losing my mind  
Losing control of the wheel  
And I'm swerving  
On and off the road  
I'm lost on a road  
But survival is a must  
Don't know who I can trust  
I'm living in a rush  
I don't understand the fuss  
My brain is bout to bust

I think I'm losing it  
I might be losing it  
I just might lose  
Am I losing my mind?  
And I'm so confused I don't know what to do  
And I need a clue before I run out of time  
Am I losing it?  
Am I losing it?  
I think I'm losing  
I'm losing my mind  
Am I losing it?  
Am I losing it?  
I think I'm losing  
I'm losing my mind

I I I I'm a need counseling  
I lost my mind and still haven't found it  
I used to be so well-rounded  
But now I tiptoe on hell's boundaries  
F F. Baby A.K.A. crazy  
Trapped in a maze, therefore I am amazing  
Block E the doc, I'm just a patient  
And even with Navigation  
I'm lost on a... (road)

I'm lost on a road  
I... I... I don't know what's wrong with me  
But... but I'm a keep that styrofoam with me  
I'm lost on a road  
And I don't know what's wrong with me

Gorilla Zoe on the song with me  
He must be gone with me

I'm making this money  
Just to go spend it  
Living the good life  
Hope nobody ends it  
But who are you kidding?  
Ay who are you lying to?  
You know if they want you  
Best believe they will find you

I'm lost on a road  
And there's no one to talk to  
There's nowhere to run to  
I'm going in circles  
I'm talking to myself  
Got me blazing this purple

[Chorus]
