

# Party Over Here

Gorilla Zoe

Say that pussy nigga don't like me  
Bet that pussy nigga won't try me (nah)  
If he do, they'll be pickin' up his body (yeah)  
Have to hook him up to an IV (go!)  
Guess he mad cause he seein' all the money fly 'round  
Hoes shakin' ass got the cash on the ground  
Need no glass, Rose by the round  
Party after party, yeah we condo bound  
King Kong shorty, this an iced out crown  
Thunderstorm baby let it rain 'til they drown  
Pussy nigga mad see him out here with a frown  
And know about the spaz, bitch it's about to go down

See it's a party over here  
And you're way over there  
All the models over here, all the bottles over here  
It's a party over here, fuck them niggas over there  
It's a party over here  
And you're way over there  
Bangin' mommies over here, cause the money's over here  
It's a party over here, fuck them niggas over there

Nigga you so lame it's a goddamn shame  
Fake ass chain trying to spit your game  
So lame, and your homeboys say  
Got you lookin' over here, we will bust your brain  
Don't play no game  
Take a bitch to the whip, have her run a train  
Have her doin' splits, lickin' clit, givin' brain  
Should be off the chain, doin' freaky shit  
Like some shit you read in Your wifey, you love her  
She suck me, we fucked her  
Don't trust her, I bust her  
When I nuttied, dog she drank it out the rubber

See it's a party over here  
And you're way over there  
All the models over here, all the bottles over here  
It's a party over here, fuck them niggas over there  
It's a party over here  
And you're way over there  
Bangin' mommies over here, cause the money's over here  
It's a party over here, fuck them niggas over there

Baby you so bad, and it's a goddamn shame  
That you way over there with that goddamn lame  
So sad, and it's your goddamn fault  
Cause the banks over here, I'm a goddamn boss  
Bitch you must be jokin' just look at what he's smokin'  
Now look at what we rollin', this shit is gold from Oakland  
And all my niggas gangsta, we Gucci, Louie  
I bet that boy's your fuckin' girl, I bust head ass wide open

Your wifey, you love her  
She suck me, we fucked her  
Don't trust her, I bust her  
When I nuttied, dog she drank it out the rubber

See it's a party over here  
And you're way over there  
All the models over here, all the bottles over here  
It's a party over here, fuck them niggas over there

And you're way over there  
Bangin' mommies over here, cause the money's over here
