

# All Alone

Gorillaz

All alone...

The beat's got soul  
Deuteronomy

Snatch a piece of my wondering  
This did fall like under in  
Skid em with two lights  
Skid em with boot light  
Flamers too light  
Where's the waitress  
Can't take this really can't finish this  
These airs and all these graces  
It's my mistake I'll make it  
J'd up to the boom now make it  
Bounce wiggle bounce wiggle shaking all them things out  
Chemical cutthroats 'bout to blow the brain out  
Cut to the brain  
This ain't no game  
I'll show no shame  
I'll birth this bane  
I'll twist the game  
I'll twist the game  
I'll push this plane  
It's plain as day  
Known to what these sayers say  
Known to what these doers do  
It's you and who and you know where  
We's about to take it there  
We's about to make it clear  
We're happy on we lonesome  
The lone drum the beat hot  
From start to finish  
Ten spoons of spinach  
The soul and the spillage  
The cup that runneth over  
We turn up the 'oh God'

All alone...

Close your eyes and see  
When there ain't no light  
All you'll ever be  
Come and save the night  
Coz I don't leave  
When the morning comes it doesn't  
Seem to say an awful lot to me...

All alone...
