The mountains are all  
waiting  
fullmoon has come.

I got lost on highways.  
But don't ask me where I've been  
or what I've done.

Oh Lord send me transmissions,  
Forgive me for what I've become.

The sun has come save me.  
Put a little love into my  
lonely soul...

The sun has come to save me.  
Put a little love into my  
lonely soul...

Oh don't you know why  
I need her loving you?  
'Cause It's no desire
