The mountains are all
waiting
fullmoon has come.

I got lost on highways.
But don't ask me where I've been
or what I've done.

Oh Lord send me transmissions,
Forgive me for what I've become.

The sun has come save me.
Put a little love into my
lonely soul...

The sun has come to save me.
Put a little love into my
lonely soul...

Oh don't you know why
I need her loving you?
'Cause It's no desire
