

Man Research (Clapper)

Gorillaz

This is the breakfast club!

Bring me coffee in the know
See the taffu on the send
I got sunshine, I got you
There's nothing, nothing life can do oh oh oh

Yeah yeah, ya ya ya ya ya ya ya ya ya ya
(you're the hero, you're the hero)

Bring me junkie in the love
He said nothing in the tongue
To kill the model from my door, oh yeah
To kill the model from my door

Bring me coffee in the know
See the taffu on the send
I got sunshine, I got you
There's nothing, nothing life can do oh oh oh

To kill the model from my door
To kill the model from my door
From my door
From my door
