Oooooow!  
Oooohahh!

Try to see myself what goes on.  
Make it up myself, I'll never.  
Always told my thoughts aloud,  
Then another day I shut up.

Back to the sand,  
Doing what you can.  
Bound to be gone,  
Damned a loser.  
Found out right then they were fed up,  
Cause everybody said to shut up.

Yeah!

Thought you might care what goes on.  
Try to say "what up?"; i'm fed up.  
Everybody said to shut up,  
The last time I told them "what up?"

Down with the sun,  
I knew that I was done.  
Did it to my self,  
Did it to my self, and then.  
All this time I said I've been fed up  
Cause everybody tells me "shut up".
