

# She's My Collar

Gorillaz

If I could take her down and run, then I'd call her  
'Cause she's standing drama, she knows I'll call her  
She's getting on the sun and that she ordered  
Imagine me, imagine me now  
I don't take her number, just don't think I'd call her  
I take her down to somewhere dreading all day  
I clear my system, I don't need no other  
This is my persona, secret lover (she's my collar)  
Nothing to be justified in  
Just one thing, you should feel nada  
I know she lies, I know she's my caller  
I sense her in my mind, she's my collar

She's the serpentine, she's my collar  
I send a message, never call her  
And now I wanna taste another  
And it's safe in a persona, she's my collar  
Nothing to be justified yet  
She's the first I'm running with  
She's the one that gets my collar  
She's the one I'm running with

She's the one I'm running with  
She's the one I'm running with  
She's the one I'm running with  
She's my collar

I'm yellow, he was blue  
It's nothing that he could hide  
We made a green meadow  
Whenever we would collide  
I died a thousand times  
I did what I had to do  
Hey, that's just how it goes  
I'm still coming back to you

If I could take her down and run, then I'd call her  
(You, you, you)  
'Cause she's standing drama, she knows I'll call her  
(You, you, you, you)  
She's getting on the sun and that she ordered  
Imagine me, imagine me now (she's my collar)  
I don't take her number just don't think I'd call her  
(You, you, you)  
I take a damn summer dreading all day  
(You, you, you, you)  
I clear my system, I don't need no other  
(You, you, you)  
This is my persona, secret lover (she's my collar)

She's the one I'm running with  
She's the one I'm running with  
She's the one I'm running with  
She's my collar  
Oh, she's my collar
