Gorillaz

city life  
calling me all the time  
me and my soul  
geared to attack  
never get another chance  
so what you doing  
gotta get money  
keeping me real

can't stand your loneliness  
can't stand your loneliness  
can't stand your loneliness  
can't stand your loneliness

shit night life  
been trying not to laugh though  
you won't get money  
i'm doing what you loving  
i'm moving out of city  
victor of a second chance  
get a lot of problems  
we kicked a lot of them
