Stylo

Gorillaz

Love, electricity, shockwave central Pummel on the motherboard, yes Push up, overload, legendary heavy glow Sunshine, thunder roll, keep it all together Yes the lantern burn, burn it easy And broadcast, so raw and neatly Thunder roll, sunshine, work it out, out, out, out... Overload, overload, overload Comin' up to the Oh Stylo... (juice) Go forth, blossom in your soul When you know your heart is right Electric is the love When the mako flies (a giant fish) Up from the bottom in your eyes Then I know the twilight skies, not so broken hearted (from the end of the 1 ine) Yes, this love is electric It'll be flowing on the street Night after night Just to get through the week Sometimes it's hard Right now Sing yourself (juice) Out of depression, rise above I'll be searching if I know your heart Electric is the love There's only one way Let it pray a little while longer It's got a way of passin through man and woman In another world In another world, in the universe Right now Here's what we got to do Yes, this love is electric It'll be flowing onto the street Night after night Just to get through the week Sometimes it's hard That's what I'm talking about Love, electricity, shockwave central
