

The Axe Of God

Gorod

They have learnt to fight in the forest and live in harmony with nature

They have knowledge of a territory that is hostile to us

I know there is nothing they can fear

But the anger of the Queen

The Axe of God The Axe of their own God

We can't let them have an opportunity to control the entire river

But it would certainly be the best way to bring them down

Tonight, the Axe will collect a bloody harvest of heads

Let the Almighty Perun lend me strength and bravery

And let the gruesome scene of your impaled bodies along the ways

Reveal to the world the price of such a crime

Let the Almighty Perun lend me strength and bravery

I swear the eternal oath ! I am now the arm of God

The Axe of God

You will ever regret your felony

When my soldiers rape your wives

And when I make your children be my slaves until they die

This is the first tribe that refused to submit to the king's command

They must be the only ones who chose to fight against our will

Now they no longer believe in knowing the slightest fear

It's time for them to pay

Befall on their heads the wrath of gods

I know there is nothing they can fear

But the Axe of their own God

Vengeance is ours

Now, vengeance is mine
