Gorod

We feel confused  
Why are we here?  
See, what we have become!  
See, what mankind has done!  
We were men before  
Their faith in us is increasing more and more  
It's over now!!  
Nothing's left  
Only stays our anger  
Only stays our will to kill  
Only stays our anger  
Only stays our will to kill!!
