## **Graveyard Of Angels**

**Gory Blister** 

Come to me now thereùs no way out abandon all hopes I can hear a voice calling from the web of sanity Depart you devil... - I - Heed my prayer... - Shall - Save your soul... - NOT - For thy goodness... I swallow pills of darkness to join eternal dumbness I drink the wine of relief I renounce all beliefs slit, swallowed, I follow the passage to GOA holy stillness, rows of sinners open fields of flowers to console and mourn waving dancers, blessed be thy darkness here your colours will never fade away Depart you devil... - I - Heed my prayer... - Shall - Save your soul... - NOT - For thy goodness... I swallow pills of darkness to join eternal dumbness I drink the wine of relief I renounce all beliefs slit, swallowed, I follow the passage to GOA Cleanse your heart... Submit your soul... Let light win... - I - Depart you devil... - Shall - Heed my prayer... - hold - Save your soul... my beauty in darkness...
