

## Dangerous game

Gosia Andrzejewicz

No one can stop us when we play this dangerous game

Never thought that I would meet ya in so crowdy club  
Every guy looks bootylicious, atmosphere is hot  
Then you bump into me and innocently say: hey sweet baby!  
Never seen a man like you, boy you're lookin so fly  
Do you know your body gives me butterflies inside  
Every breath, every sight tells my heart to be so close to you  
tonight

Baby please let me believe  
That in my heart you will stay  
You'll take my breath away  
Oh baby please let me believe  
That in my heart you will stay  
You'll never go away

Never ever felt this heat, my body's calling you  
Boy the temperature is rising, can you feel it too?  
Now I'm loosing control, I just wanna caress you so nice and slow

Baby please let me believe  
That in my heart you will stay  
You'll take my breath away  
Oh baby please let me believe  
That in my heart you will stay  
You'll never go away

Please, oh baby press your lips and kiss  
I'm gonna give you so much bliss  
And I feel your heat my boy  
your body got me weak oh babyboy
