

I Like It

Gosia Andrzejewicz

Could you be mine
What am I saying?

I like the way you smile
I like the way you are
I like it baby
I just wanna be
Your number one

I'm so close to tears and
I'm so sad
Cause I'm too shy to
Tell you I'm in love

Like an angel in the sky
I will be your air and I will be your sun
Like an angel in the sky
You came here to make me fly

I like the way you smile
I like the way you are
I like it baby
I just wanna be
Your number one

When I close my eyes you're here with me
And I feel you hold me and I can't breathe

Like an angel in the sky
I will be your air and I will be your sun
Like an angel in the sky
You came here to make me fly

I just wanna be...

I like the way you smile
I like the way you are
I like it baby
I just wanna be
Your number one
