

## Realm Of The Damned

### Gospel of the Horns

Sons of valor, consume your fate  
I am your blade, condensed in rage  
My forthright... bloodied fist  
Spellbound salute my realm

I'll strike with hate, enrage the curse  
I'll toast a praise... blood for blood

My hallowed turf is bathed in sweat,  
Tears and shallow graves  
Once mighty here, they came to maim  
Reverence the highest claim

Enter the realm  
The realm of the damned  
Enter the realm  
The realm of the damned

ENTER, ENTER, ENTER, ENTER....  
The realm of the damned
