

Get Lost

Gossip

It was a show stopping moment
The minute that you caught my attention
Really something to see, yeah
With every movement, every motion, every word
In the conversation
It meant so much to me, yeah
I decided to move on, move on,
To find me something I could lean on
Something I could look forward to
Don't get caught up in the past

Get lost, you're dancing to the beat of a different drum
Because, you could never hear where I was coming from
The past, won't do it now, whoa, whoa, whoa
Whoa, whoa, whoa, oho

You came along and desperate times are calling for desperate me
asures
Is this desperate enough, yeah, yeah, yeah
You was stumbling for words to impress
You were charming and clever
When I was down on my luck, yeah, yeah, yeah
I decided to move on, move on
To find me something I could lean on
Something I could look forward to
Don't get caught up in the past

Get lost, you're dancing to the beat of a different drum
Because, you could never hear where I was coming from
Get lost, you're dancing to the beat of a different drum
Because, you could never hear where I was coming from
Whoa, whoa, whoa
Whoa, whoa, whoa, oho

Get lost, you're dancing to the beat of a different drum
Because, you could never hear where I was coming from
