

Into the Wild

Gossip

You want me to be honest
Tell you all the words you want to hear
So I went and made a promise
And I quickly became your worst fear out here

In the wild, to the wild
We'll self-destruct together
I'm part of you now
In the wild, to the wild
We'll self-destruct together
It's all over now

Few fail to break the silence
Most prefer the calm before the storm
You choose cities over islands
I'm returning to the place where I was born at home

In the wild, to the wild
We'll self-destruct together
I'm part of you now
In the wild, to the wild
We'll self-destruct together
It's all over now

Ooh, ooh
Don't wanna risk it
Taking it too
I existed for you
Don't wanna risk it
Taking it too
I existed for you

In the wild, to the wild
We'll self-destruct together
I'm part of you now
In the wild, to the wild
We'll self-destruct together
It's all over now
