Better make it good
Better make it now
Well, baby we'll shake it hard

There's only one thing that could make you my lady
Swing low
Down low
Sweet chariot

If you know what I mean
I'll say it fast
Like you never seen

Sweet Baby

There's only one thing that could make you my lady
Swing low
Down low

We'll keep our secret hon'
Way down low
Between me and you girl
Nobody has to know
