

# Harvest Of Gold

Gossling

Harvest of Gold  
Harvest of Gold

Feather tops all round and soft  
Upon the wind they go astray  
And golden drops are scattered by the

Harvest of Gold  
Harvest of Gold

Passing through like morning sun  
A waiting to be cast along  
Its temporary like you are to me

Sowing the grain, get to know you  
Fields of the same, got then out grew  
Turning the blade, separating  
Cause when there's salt in the grain no one wants it

Oh harvest lover, it's how it goes  
Oh harvest lover, cut when we're grown  
Oh harvest lover, oh harvest lover  
Oh harvest lover  
Feather tops all round and soft like golden drops we're scattered by the

Harvest of Gold  
Harvest of Gold

Plant to grow but then we're done  
Revolving in this field of love  
It's temporary love for you and me

Sowing the grain, get to know you  
Fields of the same, got then out grew  
Turning the blade, separating  
Cause when there's salt in the grain no one wants it

Oh harvest lover, it's how it goes  
Oh harvest lover, cut when we're grown  
Oh harvest lover, oh harvest lover  
Oh harvest lover  
Feather tops all round and soft like golden drops we're scattered by the

Harvest of Gold

Oh harvest lover, it's how it goes
