

# Heart Killer

Gossling

I am known as a killer  
A heart killer  
I'll have it, so you don't know  
I'm nothing but a mean foe  
I'm gonna be your partner  
Your love partner  
You're gonna take it real slow  
I'll make sure that you let go  
I'm making you feel good,  
like you should  
You won't see this coming,  
Your heartbeat I'll be drumming.  
Make you want me always,  
Put you in love daze  
Treat you like my baby,  
You'll be saying save me

Chorus:

I wanna see hurt, I wanna see hurt  
Playing your heart, treating you bad  
Watching you drown, watch you fall down  
I wanna see hurt, I wanna see hurt

Won't be wanting no alone time  
No free time  
You'll want me in the evening,  
when you wake in the morning  
You'll know me as a killer  
Your heart killer  
I'll take you to 'til it turns sour  
To figure out i'm all power

Chorus: (2x)

I wanna see hurt, I wanna see hurt  
Playing your heart, treating you bad  
Watching you drown, watch you fall down  
I wanna see hurt, I wanna see hurt
