

I dream of times that we talk  
Of all the laughs that you brought  
I never want to forget  
This is the last time we'll get  
Of all the wants in my life  
You would have to be the height  
I never want to forget  
The day that our eyes first met  
I loved you since the note that you first gave me

'I want to thank you, Rose'  
Now take this letter I wrote and caress me  
Do you think of me so?  
Let me have all of your love  
And put no-one above  
I'll be your perfect romance  
Come on no this is our chance

Make your way to my side  
You're always there on my mind  
I know that you won't forget  
The day that our eyes first met  
I loved you since the note that you first gave me

'I want to thank you, Rose'  
Now take this letter I wrote and caress me  
Do you think of me so?  
Once we meet  
You'll be mine  
Love will call  
Marry me Rose, Oh.  
I loved you since the note that you first gave me

'I want to thank you, Rose'  
Now take this letter I wrote and caress me  
Do you think of me so?
