

## Sepulchres

Gothica

Y encontra mi illusion desvanecida  
Y eterno e insaciable mi deseo:  
Palpa la realidad y odia la vida.  
Solo en la paz de los sepulcros creo.

"And I found my hope had vanished by now  
And eternal and insatiable was my desire:  
I felt reality and hated life.  
I believe only in the peace of sepulchres."
