Firedance

Gotthard

Once again I start to wonder Sailing thoughts on endless sea Might be you I see reflected, from afar Could be just my fantasy

All my love, and emotion Life is nothing without you Like a drop finds the ocean I'm gonna find my way to you

Low thunder rollin'
Take me away, away
There's something callin'
Askin' me to play

Firedance, it's a firedance Firedance, just a firedance, oh yeah

I'm the wind against the mountains
I'm the fire deep inside
I feel the magic, the rhythm is my soul
I no longer have to hide

Join me now, come on over There's a place right here for you Seize the moment and discover All the things you always knew
