

# Human Zoo

Gotthard

Look at them all on the inside  
Look at them wasting away  
Walking around like they're hypnotized  
Look, no bars on the cage

This is where they're living  
Same as where they'll die  
Nothing lasts forever  
Can someone draw the line

Do we ever know the reason  
Of what lies behind that smile  
Take a seat, enjoy the journey  
Just relax, I'll lead you through  
Through the Human zoo  
Through the Human zoo

Well, I hear em cry in the daylight  
I hear 'em scream after dark  
A real life jungle atmosphere  
Watch 'em tear each other apart

Cause this is where they're living  
Same as where they'll die  
Stop it now or never  
Can someone draw the line

Do we ever know the reason  
Of what lies behind that smile  
Take a seat, enjoy the journey  
Just relax, I'll lead you through  
Through the human zoo  
Through the human zoo  
Through the human zoo  
Through the human zoo
