

# I Don't Mind

Gotthard

I've been pushed and shoved around and  
I've been called by many names  
I'm just a love child on the loose, yeah  
And it's always been the same

I don't wear the latest fashion  
And my hair grows way too long  
Buddy, can you hold a secret  
Here's what keeps me goin' on

I don't mind  
I don't mind  
They can talk about, maybe scream and shout  
I'm living day by day  
If you don't like my style  
I will give you my best smile  
Give you my best smile

Shaking heads and disbelieving  
Cuz I don't talk the way I should  
But since I've left the now behind me  
Lord I've never felt so good

I don't mind  
I don't mind  
They can talk about, maybe scream and shout  
I'm living day by day  
If you don't like my style  
I will give you my best smile  
Give you my best smile

I swear it's true, want a life that's worth living  
There's no end just beginning  
I won't stop for no sign on the way  
I swear it's true, I can't live undercover  
I was born to take over  
I am ready, come what may

I don't mind  
I don't mind  
They can talk about, maybe scream and shout  
I'm living day by day  
If you don't like my style  
I will give you my best smile  
Give you my best smile  
Give you my best smile
