

# Looking At You

Gotthard

1. In all the games I've played  
Seems the dice were always wrong  
Never stood a chance, and I know  
But I found a love so good  
That I wanna hold it  
It's something that I'll have to see through

R: Looking at you, looking at me  
What a solid gold love, this could be  
Something that I'll never know  
Looking at you, looking at me  
I see a bird of love, to set me free  
We can make it, on our own

2. I came up the hard way  
Just alive on one night stands  
I was never looking for another kind  
And I'll bet you one night  
Ooh, when we were holding hands  
I knew that I've found my peace of mind

R:

So don't let me wait to long  
Cuz' I can't live another day without your love  
I need to know baby ...
