## Movin' On

I got a devil in me Lord it's hard to make believe It's shakin' in me babe I feel it running, kicking, He's gotta break free

Movin' on, movin' on, movin' on, From time to time Movin' on, movin' on, movin' on, From time to time

Ya know that it's so easy To loose control It gets your whole body n'soul Some would give it Some would not I juess I'm just the kinda guy Who can't stop

Movin' on, movin' on, movin' on, From time to time Movin' on, movin' on, movin' on, From time to time

I got you now And I'm under your skin I got you now Let no other come in I got you now I got you now I got you now, I swear I'll never let go

Movin' on, movin' on, movin' on, From time to time Movin' on, movin' on, movin' on, From time to time
