

# One in a Million

Gotthard

I can't believe it gets so hard  
And every single day that we're apart, yeah  
I loose control,  
You know that's true

Say you do, say you will  
To make you stay, I'm thinking I would kill, yeah  
So take a look.  
And see what you've done

You're one in a million  
One in a million miles away  
Just wanna be near you  
Wanna be near you now  
Near you night and day, oh yeah

Now I can't shake it loose  
And I can't break the chain  
Read my mind, then you would feel the pain, yeah  
Won't you come on home, and set me free

Say you will, say you do  
Tried a thousand ways just to get to you, oh  
And one of these days  
I'll turn around, an' you'll be there

You're one in a million  
One in a million miles away  
Just wanna be near you  
Wanna be near you now  
Near you night and day

Another chance is all I need (Miles Away)  
Gotta stop my heart from bleeding (Miles Away)  
Well I got one more card to play (Miles Away)  
I'll lay it down to make you stay

You're one in a million  
One in a million, one in a million miles away  
Just wanna be near you, wanna be near you night and day  
One in a million, one in a million miles away  
Just wanna be near you, wanna be near you now  
Near you night and day, yeah  
One in a million
