

# Rebel Soul

Gotthard

There you go  
You're in the shadows now  
Nothing to see but your eyes  
As they're following me

Hungry heart  
Screaming out loud for more  
You're taking a chance cuz you're livin'  
Your life desperately

Hypnotize, paralyze  
Only now I realize  
That you're lost and you will spin out of control  
With your rebel soul

Wings of fire  
Flying they're burning you  
Unleash the spirit of anger  
That's cryin' inside

No one knows  
Tomorrow's a mystery  
You're riding your spinning emotions  
And I just can't hide

Hypnotize, paralyze  
Only now I realize  
That you're lost and you will spin out of control, ohh

Hypnotize, paralyze  
Only now I'm more than wise  
It's a dark and lonely road that takes its toll  
Your rebel soul

Hypnotize, paralyze  
Only now I realize  
That you're lost and you will spin out of control, yeah yeah

Hypnotize, paralyze  
Only now I'm more than wise  
It's a dark and lonely road that takes its toll  
Your rebel soul
