

Remember It's Me

Gotthard

I gave you all my love
And I wonder what you wanted it for
I gave you all the above
For Life, You swore

And this is the man that you see
I am as you wanted me
And this is the man that you see

Remember it's me
You got me where you want me to be
Remember it's me
You are the one that made me believe

I must have got it wrong
But I swear I heard that I was the one
Just might have taken too long
And now it's gone

And this is the man that you see
I am as you wanted me
And this is the man that you see

Remember it's me
You got me where you want me to be
Remember it's me
You are the one that made me believe

You got me where you needed
You got me now you run
I gave what you wanted
The game just lost the fun

Remember it's me
You got me where you want me to be
Remember it's me
The one you thought, you needed

Remember it's me
You got me where you want me to be
Remember it's me
You are the one that made me believe

I gave you all my love, for life.
